SIOUX EMPIRE FARM

Show and Sale

During Week of Jan. 31 to Feb. 5

HELD AT

SIOUX FALLS, S. Dakota

Catalog Lithographed By MWM Color Press, Aurora, Mo.

Terms and Conditions

Each animal will be sold without reserve to the highest bidder.

The auctioneer will settle any dispute as to bids.

Buyers will assume all risk on animals as soon as they are declared sold.

Terms of the sale are cash unless other arrangements are made in advance with the consignors.

All necessary tests for Bangs and T. B. have been made and health papers will be issued.

The seller does not guarantee these animals to be with calf, but does guarantee each to be a breeder. Females in calf or with calf at side are considered breeders without further guarantee. All untried animals are guaranteed to be without known defects, but nothing further.

Any change in breeding date will be announced sale day.

Every precaution will be taken for your comfort and safety but will not be responsible for accidents.

Sheep Show and Sale

TUESDAY, FEBRUARY 1, 1953

Show will start at 9:00 a.m. with sale immediately following.

Chairman - Gene Garry, Agriculture Representative, Northwest Security National Bank of Sioux Falls.

Judge - Dewey Jontz, Des Moines, Iowa.

Auctioneer - Col. Chas. Taylor, Fremont, Nebraska.

Mail bids will be accepted by Dewey Jontz or Gene Garry

The Sioux Falls Chamber of Commerce takes pleasure in presenting this offering of ewes at their 2d Annual Sioux Empire Farm Show. This Show and Sale is sponsored with the expressed purpose of encouraging quality sheep production.

Sheep numbers kept on farms do not remain constant, but varies with economic and climatic conditions. Farmers and stockmen are currently becoming more and more interested in the production of high quality sheep. The two cash crops - wool and lambs - is a great aid in meeting the increased costs of operation. With the necessity of planting more grasses and legumes to meet acreage restrictions, and conserve our soil the need for roughage consuming animals is self-evident. With a growing agricultural future, we are confident that within this offering of ewes we can add some stabilizing influence to our general farming economy.

Quality livestock is fostered by the development of quality individuals. Consignments from the most prominent breeders in North Dakota, South Dakota, Minnesota, Iowa, and Missouri are evidence of the effort exerted by all concerned with the Show and Sale.

Feature Sale

As an added sale attraction we have received a consignment which we feel will be of international significance. BEAU GESTE FARMS, Oskaloosa, Iowa, have consigned PRINCESS BEAU GESTE, Ewe lamb, for sale only.

PRINCESS BEAU GESTE is the daughter of LADY BEAU GESTE which sold at auction for the world's highest price ever paid for a ewe lamb of any breed.

PRINCESS BEAU GESTE was the champion pen of 3 ewe lambs at the American Royal Livestock Show at Kansas City, Missouri, and also at the International Livestock Show in Chicago. At the Royal Livestock Show Beau Geste Farms refused a \$1,000.00 bid. Many interested persons believe she is the greatest ewe lamb ever produced.

EWE

Born: 1953 Twin Consigned by Harthy Stock Farm, Page, North Dakota.

Sire: Gold Strike

Dam: Nan 209

Exposed.

Gold Strike was the top Suffolk Ram to be sold at public auction in 1951. We paid \$1,750 for him at the National Ram Sale in Salt Lake City. The daughters of Gold Strike grow out to be big ewes. He was sired by Kirton Guard, who had topped the 1946 National Ram Sale at \$2,200. The dam of Gold Strike is sired by another imported ram for which Mr. Hubbard paid the top price of \$1,175 in 1943. I have recently sold Gold Strike to Mr. Harry Hermann of Frenchtown, N. J. as we have just retained so many daughters of his in our flock that we have just limited use for him at present. Nan 209 is a good ewe that was in our flock at the time we were getting it developed. The Nan ewes did a good job for us.

Sire: Red River

Dam: HSF 74-51 (T)

Exposed to News Flash. Red River is the top son of Kirton Conqueror and out of one of our best producing ewes. I leased Red River to the N.D. Agri. College when he was a yearling and all of the lambs shown by the college that year were sired by Red River. Kirton Conqueror was the best ram I have ever seen of any breed. Space is too limited to speak in full of this wonderful ram, but it is sufficient to say that his get is very much in demand and were the sale toppers in our recent sale at Kenton, Ohio. HSF 389D was in our 1954 Show Flock and was our top-placing yearling ewe this summer.

These ewes are a product of top Rams in the breed -"Kingpin, who has never been defeated;" "Spike" a son of "Rodor", who has sired more grand champion rams than any ram in the breed. Over a 12 month period these ewes have averaged 16 lbs. of wool with some individuals shearing as high as 20 lbs. Here are the quality ewes from an established flock that will do well for any one.

LOT 70**C-5315 (HSF 299-50)****EWE**

Born: 1950

Consigned by Harthy Stock Farm, Page, North Dakota.

Sire: A-2823

Dam: B-3821

Exposed to Duke of Page.

C-5315 is a heavy-shearing ewe - this year we got 19 lbs. of wool from her. In addition she had triplet lambs for us. Her 1952 twins were both ewes, and both passed inspection; one of these twins was sold at our 1954 Ohio sale and went to Stewart Bolling of Vanderpool, Virginia. A-2823 is a ram we leased from the N. D. Agricultural College. He is a son of "Old 38". The ROP ram used so successfully by Mr. A. W. Powell of Sisseton was sired by A-2823 when we had him leased.

LOT 71**D-9890 (Lewis 132)****EWE**

Born: 1951

Consigned by Harthy Stock Farm, Page, North Dakota.

Sire: A-9303

Dam: B-965

D-9890 is another of the good ewe lambs I bought from Mr. Lewis in 1951. She has given us four lambs in two years.

LOT 72**F-2826 (HSF 20D)****EWE**

Born: 1951

Consigned by Harthy Stock Farm, Page, North Dakota.

Sire: Yankee Clipper

Dam: E-6678 (T)

Exposed to Duke of Page.

F-2826 traces back to the ewe A-2405 (see footnote on ewe F-5945). E-6678 is a daughter of Lone Ranger out of C-512. C-512 produced a ram which sold for \$350 in the Colorado Ram Sale in 1951; she also produced E-2025, which was champion ewe at the 1952 Chicago International when she was only a lamb. The twin brother to E-2025 sold as a stud ram in the 1953 Craig(Colo.) ram Sale. C-512 is one of the best producing ewes we have ever had in our flock. E-6678 sheared 16 lbs this spring.

LOT 73**F-5951 (HSF 39D)****EWE**

Born: 1953

Consigned by Harthy Stock Farm, Page, North Dakota.

Sire: Westward Ho

Dam: B-7209

Exposed to Yankee Clipper.

B-7209 is one of those ewes that we continue to keep altho age has become something of a handicap. Lambd in 1947, we bought her in the 1948 National Sale as one of Mr. White's pen of yearlings that year at \$315 a head. Her grandsire on one side of old 84 and on the other side is #1. She has lambed every year since 1949 and the last four years has had twins every year; she is eligible for ROP. Her 1952 ewe lamb was in our 1953 show flock, and sold to Wm. & Delbert Fair of Ohio for \$200 in 1953 Ohio Sale.

LOT 74**F-5937 (HSF 367D)****EWE.**

Born: 1953 Twin

Consigned by Harthy Stock Farm, Page, North Dakota.

Sire: Westward Ho

Dam: C-4225 (T)

Exposed to Yankee Clipper.

C-4225 is a daughter of Old 38, and out of one of the best producing ewes we have had, old B-1582. B-1582 was a Denecke ewe which we bought in the 1948 National Sale at Minot, and in the four lambings for which we have record, she gave us six lambs of which five have passed inspection- making him eligible for ROP. Her first lamb was a ewe in 1948 who is the mother of The Mariner, a ram we showed to Grand Champion Ram at the 1952 Chicago International, and which was sold this fall to Geo. Wolfe of New York, where he was shipped air express. In 1950 she had twin ewe lambs, of which C-4225 is one. In 1952 she had split twins of which the ewe lamb, F-2726, was Reserve Champion at the 1952 Chicago International - the same year which the Mariner was the Grand Champion Ram, both being sired by Yankee Clipper. F-2726 is the dam of one of the ewe lambs in our 1954 show flock. This is a real top producing family of ewes as you can see from this show record.

B-9759 is one of the good ewes I bought from the Marquiss flock in Gillette, Wyoming in the fall of 1951. One of these ewes was the dam of the champion ram at Chicago in 1953. This ewe by the Grand Duke should make a good producer. The Grand Duke was the Reserve Champion Ram at the 1949 National Show and Sale in Minot. The Mariner was our Champion Ram at the 1952 Chicago International. See footnote on F-5957 on The Mariner.

A-2405 was sold in our sale in Ohio in December, to Ruth Jillson of Skaneateles, N. Y. Altho she is now 9 years old she brought \$90 in this sale. A-2405 has been one of the grand old ladies of our flock. The first lamb of which we have record is C-512 which we bought at the same time we bought A-2405. C-512 died while still young, but she gave us five lambs of which all but one ram passed inspection. Her 1952 ram lamb was first prize ram lamb at Chicago in 1952 and sold in the 1953 Craig (Colo.) ram sale as a stud. Her 1952 ewe lamb was champion ewe, as a lamb, at the 1952 Chicago International; and she herself is the dam of 373E, a ewe lamb in our 1954 Chicago Show Flock - in addition to which she sheared 19 lbs. this spring. Besides this wonderful ewe C-512, A-2405 has produced six other ewes all of which passed inspection, giving her a total of seven and making her eligible for ROP. A-2405 produced 11 lambs for us.

The Tri-State Hereford Association promotes the breeding of better Hereford cattle throughout the Tri-State trade territory. Modern Herefords are bred to convert grass, roughage, and grain most efficiently into the highest quality of beef in the shortest period of time. Many State Fair honors have been won by herds represented here. Several of our members have shown in the stiffest of competition throughout this territory and a number of the Grand Champions have been sold at our Tri-State Sales. When it comes to pounds, price and profit, Herefords have no equal.

You are all invited to attend the showing of these animals in the Coliseum, the morning of February 2nd. The Judge will be Professor P. S. Shearer of the Iowa State College. We believe you will enjoy watching the placing of these animals and learn a great deal from it.

You will find the Directors and Members of the Tri-State Hereford Association a friendly and hospitable group, who are always willing to help anyone interested in the cattle business. Feel free to call upon anyone of them.

All consignors, breeders and visitors are invited to attend the banquet to be held on February 1st, 6:00 P. M. at the Cottage, which is located on the South edge of Sioux Falls on Highway 77 at 33rd and Minnesota. Tickets are available from any of the members of the organization. Immediately following the dinner, the annual meeting will be held, at which time the new officers and three members of the Board of Directors will be elected.

She is a thick, deep bodied, straight heifer with a beautiful cherry red coat. She was sired by BHHR Proud Mixer 12th, the Grand Champion of the Aberdeen and Huron Combination Sale in 1952. His picture can be found on the American Hereford Journal of May 15, 1952. We purchased him at the top price of \$4,000.00. The dam is a Battle Pioneer bred deep bodied cow. This heifer was bred on September 20, 1954, to our Junior herd sire, WHR Regality 135th. He was sired by WHR Royal Duke 3rd, a Register of Merit sire.

This is a smooth, mellow, straight legged bull. His sire, Pearson's Duke 31st, sold for \$26,000.00 at the Pearson Dispersal Sale. The "31st" was the cover page bull of The American Hereford Journal of December 1, 1952. The dam of Fan's Baca Duke 3d was WHR Prudence 35th. Her offspring added more than \$60,000.00 to the Pearson fortune. The pedigree of Fan's Baca Duke 3d shows 8 Register of Merit ancestors in 4 generations.

SENATOR DAUGHTER
Best Uddered Cow S.D.S.F., 1951

DAIRY

The dairy cow has played an important role in the development of the Sioux Empire. It has brought wealth to the dairyman, with its accompanying benefits of a higher standard of living, better education of their children and a more enjoyable life. To the general public it furnishes nature's most perfect food in a delicious, palate pleasing and health giving form.

Milk production has increased as attention and emphasis have been given to improved breeding of dairy herds. Consumer consumption has increased through higher quality products made available by technical skill, sanitation, refrigeration and modern dairy plants.

The U. S. Public Health Service, your state and local health officers have played a big part in helping the dairy cow to bring to the consuming public, health and happiness through the use of her product. Nature's Most Perfect Food.

The amiable, humble dairy cow was the source of a multi-million dollar income to the dairy farmer of the Sioux Empire in 1954.

The Story of Angus Cattle

It has been less than a century since Aberdeen Angus cattle began producing beef for America's dinner tables. Yet in the 81 years since the Blacks were first imported from Scotland, the name Angus has come to mean the highest quality in beef. Angus is today America's second largest and fastest growing beef breed.

The ancestors of this breed were to be found in the rugged hills of Northern Scotland, where the hornless, native cattle were noted as far back as the 16th century in that area. Existing on sparse vegetation and enduring a harsh climate these animals passed on to their present day Angus descendants superior foraging qualities and the ability to thrive, unhampered by geographical limitations.

When the first Aberdeen Angus were brought to the United States in 1873, the whiteface breed had been established 56 years and the reds and roans were a fixture of 90 years standing. However, the Blacks soon proved that they had the superior qualities needed to compete easily with the other breeds.

The rivalry of fat stock shows quickly established the Angus reputation for superior beef quality. At the world's greatest stock show, The International Livestock Exposition, Angus steer winnings in the past 54 years have accounted for 74 per cent of the grand championships in the four major divisions. Angus won all four interbreed championships this year, and "have swept the board" not once, but 14 times in the past. In the International Carcass Contest, the supreme test for a beef animal, Angus steers have won 47 of the 49 carcass grand championships since the famed Exposition began.

On their many merits, Aberdeen Angus have won the respect and admiration of the entire beef cattle industry; the farmer and rancher, the feeder, packer, and consumer. Their ability to rustle on the range under varied climatic conditions, their natural lack of horns, their solid black color, their resistance to profit sapping eye troubles, and their famous record of steer winnings on the hoof and on the hook in International competition has won for them an important place in the beef production programs of practical cattlemen.

The Angus Breeders of the Great Sioux Empire Area invite you to join us on February 5, 1955 for our show and sale of Aberdeen Angus Cattle.

The consignors have gone all out to put together a top offering in this sale. Many of the individuals coming from show strings of the consignors.

TRAIL VIEW BLACKCAP LADY 5TH - Bred October 7, 1954, to Prince Eric Good Earth 48th 1568226. The first calves by the 48th have arrived at Trail View Farm and they meet our expectations. The 48th is bred to be a great sire for his dam is by Eva's Bandolier Lad, the great Bandolier bull whose record is well known. The 48th is an own son of Prince Eric 2d of Sunbeam, the bull that Joe Keshner says is responsible for his Good Earth Stock Farm. Joe Keshner has refused an offer of \$25,000 for the dam of the 48th with his full brother at her side. Come to visit Trail View and see the 48th and his calves.
